

MODUL HANDBOOK ENVIRONMENTAL STATISTICS

MASTER PROGRAM OF ENVIRONMENTAL SCIENCE
SCHOOL OF POSTGRADUATED STUDIES
DIPONEGORO UNIVERSITY

Modul Description:

Module designation	Environmental Statistics
Semester(s) in which the module is taught	1 st semester
Person responsible for the module	Prof. Dr. Dra. Sunarsih, M. Si Dr. Budi Warsito, S.Si, M.Sc Ferry Hermawan, S.T., M.T., Ph.D.
Language	Indonesian and English
Relation to curriculum	Compulsory
Teaching methods	Mix Method or Blended Learning by incorporating Lecture Based-learning, Student Centred-Learning and Technological Learning • Lecture Based-Learning: teacher lead a lesson by using presentation, showing visual • Student Centred-Learning: teacher promote individual learning so that student can exploring individual idea • Technological Learning, teacher leads to use high technology in information such as by exploring, utilizing internet/searching engine and social media.
Workload (incl. contact hours, self-study hours)	• Lecture, 2 hours per week • Discussion and presentation (Q&A), 1 hours per week • Individual assignment, 3 hours per week • Total workload for semester = 100 hours
Credit points	2 credits / 4 ECTS
Required and recommended prerequisites for joining the module	No required prerequisite
Module objectives/intended learning outcomes	• Able to formulate and carry out scientific research to solve environmental problems, especially in performing statistical data. • Able to formulate methods of environmental management to improve the quality of life, by using statistical methods.
Content	Environment statistics course discusses the meaning of statistics, descriptive statistics, basic concepts of probability, probability distribution, theoretical distribution of random variables, theoretical distribution of continuous random variables, sampling distribution, estimation, single sample hypothesis testing, multiple sample hypothesis testing, some other inferential analysis, linear regression simple and correlation, and some non-parametric methods.

Examination forms	• Closed book or Open book • Essay, • Individual and group assignments
Study and examination requirements	Lecture attendance at least 75%.
